# Magic in the Mundane: Finding Beauty in the Ordinary

---

## Workshop Detail:

**Duration:** 160 minutes

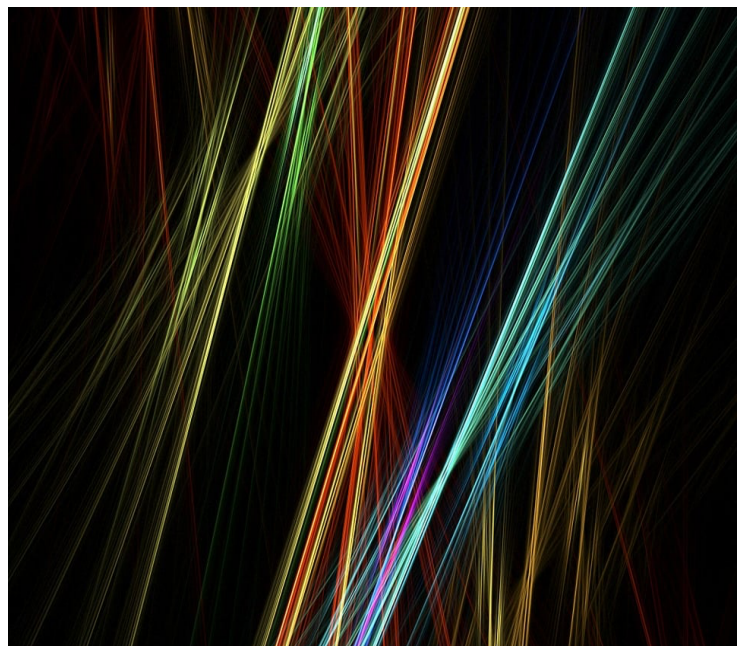

**Workshop Leader:** Vince Dimatera

**Target Audience:** Secondary School Students max 20.

## Workshop Overview:

Uncover the magic hidden in everyday life. This workshop invites participants to explore familiar spaces—alleys, parking lots, or grocery stores—through a fresh perspective, seeking beauty in overlooked details. During the photowalk, participants will sharpen their observation skills, experiment with composition, and learn to transform mundane objects into captivating images.

The challenge? Capture three unexpected scenes that reveal the extraordinary within the ordinary. This workshop is perfect for those looking to train their creative eye and discover that sometimes, the most compelling stories are right in front of us.

## Workshop Leader Bio:

Vince is a passionate teacher who believes that versatility and adaptability are key to growth. With 15 years of experience in education, he has worn many hats, embracing change and new opportunities along the way. His love for learning extends beyond the classroom into his personal interests, which include photography and videography.

Vince has captured stunning images across different continents and in a variety of conditions, each experience deepening his skills and perspectives. He finds joy not only in taking photos but also in sharing the knowledge he has gained throughout his journeys, inspiring others to explore and tell their own stories through the lens.
